RE: DOCKET NO. 98N-1265

5:86 '99 JUL 12 P4:16

To the FDA:

I send this letter as a consumer of health care services to register my concern and disapproval of the Memorandum of Understanding as published by the FDA on January 21, 1999.

In its present form, the MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of the physicians and patients to obtain healthcare products from the provider of their choice. It also infringes on the rights of compounding pharmacists to serve the public's medical needs. As a healthcare consumer there should be no restrictions to the delivery of compounded medication prescribed for me, regardless of where I live or travel. The MOU must be amended!!!

The FDA is an agency of the U.S. Government that purports to be the "watchdog" for consumer safety. THIS IS NOT A SAFETY ISSUE!! As a governmental agency, the FDA also has a responsibility to be accountable to the people. Once again, the MOU must be amended!!

Comments:

The quality of my life will be severely diminished without the natural products offered by the compounding pharmacy in Wisconsin. People like me with immune disorders cannot tolerate chemicals.

Signed: Joan Gerson

State of Residence: New York

P.S.

The chemical compounds are what is not safe for me. Please amend the MOU so that I will not be barred from receiving my prescription.
